This is related to P91-0751. I will call for the archive file but it looks like you did additional work on this case in Oct 2009. I will need the CALMS internal custody history for Exhibits 2 and 2A please.

Subject P91-751

Dan Donath from Bloomington PD called this morning. He found the evidence which was supposed to be Ex. 2, swabbing of blood from floor near counter. (This is the item in the [REDACTED] case that Pat M. worked in 1991. When I opened the package, the questioned stain wasn't in there.)

Tina - not sure what you will want to call the item he brings in. I already have packaging for the original item that is labeled as Ex. 2. Let me know if you just want to make a note and combine the evidence he will bring in with the packaging I already have.

So, Bloomington PD will be bringing that in sometime soon. Thanks!
