Supplemental Reporting PATROL SERGEANT DANIEL DONATH - BPD, ID # 5430

On 05/13/09, I was attending a training class at Heartland Community College in Normal, Illinois. I was contacted by McLean County Assistant States Attorney Bill Workman and asked to collect buccal swabs from James C. Snow, who was in the custody of the Illinois Department of Corrections, but was currently at the McLean County Jail. I drove to the Bloomington Police Department and collected the supplies necessary to collect the buccal swabs. I drove to the McLean County Jail. I met with Mr. Snow in the booking area. There was at least 1 attorney representing Mr. Snow present. I explained to Mr. Snow how to collect the buccal swabs. With gloved hands, I opened a new, sealed by the manufacturer, package of 2 cotton tipped swabs. Mr. Snow swabbed the inside of one cheek with one swab. He put it in a new cardboard box. Mr. Snow swabbed the inside of the other cheek with the second swab. Mr. Snow put the second swabbing in a separate, new cardboard box. I put both cardboard boxes in a new manila envelope. This concluded my contact with Mr. Snow.

I returned to the Bloomington Police Department. I locked the buccal swabs in Bloomington Police Department evidence locker #16. I maintained custody of the locker key.

On 05/14/09, I retrieved the buccal swabs from BPD evidence locker #16. These buccal swabs shall hereafter be referred to as exhibit #JCS-1. I labeled the cardboard boxes for identification purposes. I sealed the manila envelope containing exhibit #JCS-1 with red evidence tape. I signed my seals with my name, ID number, and the date. I created an evidence label for exhibit #JCS-1. I affixed the evidence label to the manila envelope. I wrote on the envelope, "BPD Case #C91-2150 ISP Case #P91-000751." These case numbers represent the original case numbers from the incident in 1991. I transferred exhibit #JCS-1 to BPD Crime Lab locker "A" in anticipation of direction by the states attorney's office.

Supplemental Reporting PATROL SERGEANT DANIEL DONATH - BPD, ID # 5430

On 07/06/09, I obtained ISP exhibit #9 (blood standard of victim) and ISP exhibit #2 (swab of blood from floor) from the Bloomington Police Department Records Division. I transferred these 2 exhibits to BPD Crime Lab locker "A" in anticipation of transfer to the Illinois State Police Crime Lab in Morton, along with buccal swabs of James C. Snow (BPD exhibit #JCS-1).

Supplemental Reporting PATROL SERGEANT DANIEL DONATH - BPD, ID # 5430

On 09/25/09, I transferred a small sealed envelope containing ISP exhibits #2 (remaining portion of swab from blood from floor near counter) and #3 (control) from Bloomington Police Department Crime Lab locker "A." I had received this envelope from the BPD Records Division. This swabbing and control were originally packaged by the Bloomington Police Department, but had been repackaged by the Illinois State Police Crime Lab in the small envelope. The ISP lab had called and indicated the package previously transferred to them by Detective Mathewson was empty, as they had repackaged it and previously returned it to us in the new packaging.

I scanned the ISP evidence transfer receipt into EJS.

Supplemental Reporting PATROL SERGEANT DANIEL DONATH - BPD, ID # 5430

On 02/12/10, I met with BPD Records Manager Amy Ward in the long term evidence storage. There were 2 sealed items of evidence from this case that did not have EJS labels created for them. Consequently, I created evidence labels for these 2 items. The items were created by the Illinois State Police Crime Lab in Morton. The items are ISP exhibits #9A (blood stain card from William Little) and #2 (sealed box w/blood swab from floor). These items were transferred directly to the BPD Records Division.
