BLOCK SPACE

On 04-01-91 at 2015 I was checking Clark gas station on Market + Madison when I observed a m/w approx 5'11"-6'0" Blond hair + Mustache approx 165-170 lbs. inside the station. His description matched the composite with the exception of the scar on his chin. His name was [REDACTED]. He stated he lived on N. Roosevelt. He stated that he hangs around the Clark station frequently and that they know him in there. I looked in records for a photo but I was unable to locate one. It may be nothing but he did resemble the ~~composite~~ composite enough for me to talk to him. Maybe someone may be able to locate a photo and check him out. Thank.
