

On the date of April 17th, R/O conducted an interview with [REDACTED] regarding information that he and others may be involved in several grain elevator/fertilizer plant burglaries which occurred on the counties east side.

While speaking with [REDACTED] he made a comment regarding his current arrest stating that he could not understand why he was arrested for what two other persons had said he had done.

R/O advised [REDACTED] that if he wished to continue speaking about his armed robbery arrest, I needed to advise him that he had already been read his miranda rights and he had stated that he wished to have an attorney present. R/O continued that R/O had not begun this conversation to speak about his arrest, but rather his possible involvement with the county burglaries.

R/O advised [REDACTED] that if there was any conversation regarding his armed robbery arrest, he would be the person to initiate that conversation, not R/O. [REDACTED] stated that he understood this.

R/O stated that R/O did not wish to be responsible for another agencies investigation by saying something that should not be said. R/O advised [REDACTED] that " I don't want to mess anything up for anyone.", and [REDACTED] replied " It's already messed up without you getting involved."

At the end of the interview, while awaiting for a Correctional Officer to come and take [REDACTED] back to the jail area of the Sheriff's Department, R/O and [REDACTED] continued talking and the following was said by R/O and [REDACTED]

BAILEY: Are you and [REDACTED] still together ?

[REDACTED] Yea

BAILEY: It's been quite sometime, but the last time that I saw

██████████ she was working at Cubs.

██████████ No, she's working at Schooners.

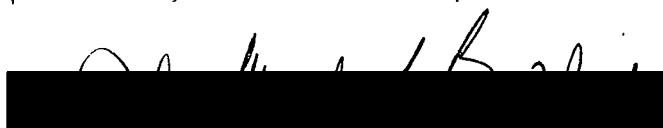

BAILEY: I thought that the two of you were going to get married once you got my last arrest behind you.

██████████ Well, thats were the money was suppose to go, now its got to go to the fucking attorney.

At this time th Correctional Officer arrived and R/O advised ██████████ that if he needed to speak to R/O about anything, he just needed to send down a request.

At this time the Correctional Officer took custody of ██████████ and lead him to the jail area.

This conversation took place with ██████████ in interview room B, C.I.D., McLean County Sheriff's Department, between 1:10 p.m. and 1:25 p.m.
