N On 05-11-91 at approximately 2100 hours, I recieved a page to call the police station. I then spoke with PBX L.Rush who told me that Det. Fazio needed to speak with me. I then made phone contact with Det. Fazio who informed me that he was at the county jail talking to [REDACTED] and that [REDACTED] wanted to speak with me right away. I advised Fazio that I would be there in a few minutes.

I arrived a short time later at the McLean County Law and Justice Center and went back to the interview room where Detectives Fazio and Harris were. I entered the room and [REDACTED] requested that he speak with me alone. Both detectives stepped out of the room. I then informed [REDACTED] that I was on my day off and made a special trip to come in to talk to him. [REDACTED] stated he wanted to make sure that I understood what he had told me. He then said that [REDACTED] car had been used in all or most of the crimes that he had told me about. During that discussion, I stopped him and asked if he still understood his Miranda Rights and if I needed to re-read them. [REDACTED] said he knew his rights and wanted to talk to me. [REDACTED] then started talking about Jamie Snow and [REDACTED] using [REDACTED] car in most of the robberies and burglaries. [REDACTED] then stated that he had seen Snow at his trailer with a plastic bag full of Lottery tickets that he had taken in crimes. He stated that Snow had taken the tickets out in the country and burned them so they could <sup>NOT</sup> be traced.

BLOCK SPACE

NARRATIVE: N = narrative for use in block space, block numbers will otherwise be used to further detail sequence of events or to expand on any information in any block. List the property form number. List the value of stolen/recovered property only in block six (6). List name, I.D. number, and description of all arrested subjects.

N I then asked [redacted] what places Snow had taken lottery tickets from. He stated Snow and [redacted] got lottery tickets from the Freedom Oil on Linden when they robbed it. [redacted] also mentioned West Side Liquors on south Morris and said Snow was the one who got the tickets and also money from the cash register. I asked [redacted] if he knew about any other items taken from the West Side Liquors burglary. He stated that was all he knew about from that burglary.

[redacted] mentioned a second time about the plastic bag containing tickets that Snow had in his possession and stated he was shown the lottery tickets by Snow at his trailer, but did not have an exact date when this occurred.

During the interview, [redacted] stated that [redacted] [redacted] knows about all of the burglaries and armed robberies that Jamie was involved in, either by himself or when he was with [redacted]. He states that [redacted] will not talk to the police or squeal on Jamie because they have seen each other for many years and because of the kids.

[redacted] states that [redacted] also knows all about the crimes and was probably involved in several of them and she knows that her car was used in a lot of them.

I asked [redacted] if he knew of any other crimes not mentioned to me before and he stated that was all he could remember.

At the end of the interview, [redacted] was taken back to the jail.
