Dear Sir,

as with my last letter please make this a part of the record with this case.

I have a few issues I would like to raise with the court.

First I would like to address the witness list problem in this case. Pat Riley came to see me the day before jury selection was first set to begin. He said we needed to get our list together. I asked him when was it due. He told me when we start to pick a jury. But that he was asking for a continuance because of Frank's Back problem. You gave them the delay. I was under the impression which was given to me by my attorney that the list wasn't due till jury selection. I had some names ready even before I got the transcripts on Christmas Eve. But was following what Pat Riley told me. But in court you said I know the rule about ^{Discovery}

Just for the record I had no idea what the rules were. But I learned the hard way. I learned never to listen to or trust a court appointed lawyer.

Your Honor I tried to tell you Frank & Pat were not only unprepared. I thought then and now know they were unable to try my case. I knew I was in trouble when the State rested there case. And that was the first time Frank ever asked me what any of my witnesses were going to testify to. And as we all know now. Frank didn't lay the FOUNDATION to call most of my witnesses. I guess just like the witness list. I was also responsible for my lawyer to lay FOUNDATION for witnesses. How in a case like mine does that happen. You yourself sat in on my Co. Defendants trial. You had to know they were not prepared.

You saw Mark Foster & Billy
Dendricks testify about the things
Danny Martiney had told them.
Also we found another ex co.
worker of Mr. Martiney who also
had testimony to give. But I
couldn't call him because of
the Foundation problem. One of my
Jurors said Mr. Martiney was key
to them convicting me. If Frank
would of called them people.
I have to believe the verdict
would of, or at least could of
been different.

Your Honor I thought you were
in that court room to make
sure Justice was served. And to
make sure my rights were
protected. I thought I had a
RIGHT to a fair trial. You forced
me to go to trial with two
lawyer who NEVER talked to
me about my case. Frank says
he spent 50 hours with me.
Pat says he spent 30. There is no
way that is true.

There are log books here at the jail. They are there for people to sign in & out. Also the time in & out is also logged. I'm sure it probably don't matter to you. But I challenge you to check into the time they spent with me. They are the lawyers you gave me. And they both lied to you about the time they spent.

I would also like to know what did you do to determine if Pat Riley was able to effectively help me. He had a stroke shortly before you gave him this case. What if anything did you do to make sure his mind had not been affected by the stroke. You did say in court he had the chance to sit in on the first trial. So I'm trying to figure out was it his mental state of mind, or complete incompetence that kept him from telling the truth to lay foundation for my defense.

I know my trial and Susan Claycomb Powell's trial were different. But the charges were the same. And the states case was pretty much the same. One big difference was her lawyer knew how important it was to lay foundation when it came to States witnesses like Danny Martiney. But like the witness list. I guess that was my responsibility too. Justice was not served in your court room. I have been convicted for a terrible crime I DID NOT commit. So please make this letter a part of the record. I hope & pray that somebody will take a close look at what happened in your Court room. My lawyer never talked to me. How else do you explain them not laying FOUNDATION to call 3/4 of my DEFENSE witnesses. They had no clue that's why they didn't ask the questions. They sold me out. Did you know Frank was friends with Bill Little's Foster Father.

Talk about a conflict of interest. Pat Riley does not have the mental ability to try a traffic case. But you gave him to me. Now that things have turned out the way they did, I have to wonder why.

also when I asked Frank why he didn't let the foundation to call witnesses against Danny Martiney. He said what do you want. Nobody bats a thousand.

Fami
Snow.

I am Innocent.
But I guess that doesn't really matter anymore.

Does it!!
